

Petrol and Electric

Protea **BG760** Bowling Greens Mowers

Rangiora Bowling Club, Canterbury.

Over 40 clubs are now using a Protea mower, from Houhora in Northland down to Te Rangi Bowling Club in Invercargill. Most recently Burwood Park, Hawarden, Logan Park, Arapohoe, Diamond Harbour and Karori Bowling Clubs have purchased a **BG760** mower and made their mowing safer and easier.

BG760 features.

- New Style front roller with bearings inserted in the roller, to give greater accuracy in adjusting and featuring a new profile cut steel roller bracket.
- Floating front roller scrapper with Teflon edge.
- Enlarged oil impregnated rear roller bushes. Preventing seizure and allowing for easier removal.
- Catcher Handle to assist with emptying.
- Teasing rake with brush option.
- 16 Blade reel.

Electric.

- The **Ace** has a powerful 1.5 kW motor to give extra power for grooming reel and other soon to be developed accessories.
- Infinitely Variable mowing speed adjustable from the operator's position.
- Soft start and adjustable ramp up. Uses less power on start up.
- Safety cut out handle with interlock safety start up.
- Rubberized operators handle and control levers.
- Backlap the reel to ensure the reel stays sharp.
- Hinged motor cover to allow for cleaning and adjustment.

Petrol.

- The **Jack** has a powerful 6 HP Robin Subaru 4 stroke engine.
- Independent driver and reel clutches.
- Best of all no need for electricity and no long heavy cord to drag along.

1.5kw variable speed motor

Safety cut out and insulated handle

6 HP petrol motor

Teflon scraper
Inserted bearings
Steel bracket
